WORK EXPERIENCE

I am a working student and freelancer with experience in Foodpanda delivery, GrabFood delivery, and short-term programming tutoring. I provided programming tutoring for six months, covering programming software, computer hardware, and other computer-related topics. I have two years of experience in Foodpanda delivery and three months of experience in GrabFood delivery.

SKILLS

- **Programming & Computer Technology** Knowledgeable in programming, software development, computer hardware, troubleshooting, and basic networking.
- **Problem Solving** Able to analyze technical problems, identify possible solutions, and troubleshoot software and hardware issues.
- **Communication** Communicates clearly and professionally; able to explain technical concepts in a simple and understandable way.
- **Teamwork & Collaboration** Works well with others, contributes ideas, accepts feedback, and cooperates effectively to achieve team goals.
- **Adaptability & Continuous Learning** Willing to learn new programming languages, technologies, tools, and technical skills.
